About Us

At Intertech, we are committed to-

- Maintaining integrity in every aspect of our business
- Delivering highly custom solutions to suit customer needs
- Creating an environment that encourages teamwork
 - Innovating and adopting new technologies
- Providing high quality products and services
 - Encouraging leadership on all levels
 - Valuing our suppliers as partners
 - Focusing on customer satisfaction

Having opened our very first office in Dubai more than two decades ago, Intertech has become a world-leading control room expert, set to supply nothing but the highest quality.

With more than 400 control room installations, 100+ years of combined experience and 20+ years of innovation, Intertech stands today more ready than ever for any challenge it faces.

Fully committed to quality, Intertech is an **ISO-9001-2015** Certified Company.

In addition, Intertech provides ergonomic control room designs as per **ISO 11064-1** guidelines.

Years of control room innovation

Control rooms

01 ENERGY SECTOR CONTROL ROOM

This energy control room contains two distinct wings, with a circular crisis management room connecting both halves. Energy consumption was also minimised through saw tooth lighting and controlled openings, allowing diffused natural light to illuminate the space.

Project 09

Legend

- 1- Meeting room
- 2- West wing control room consoles
- 3- East wing control room consoles

- 4- Acoustic panels
- 5- Fire escape
- 6- Service space
- 7- Server room
